INFORMATION DISCLOSURE STATEMENT

Respectfully submitted herewith from a German Patent Office
Action in parallel German application 102 01 430.2 of which
priority is claimed, are copies of five references, namely US
6,098,574, US 6,034,525, EP 750 113 A2, DE 35 34 297 A1 and DE
196 11 289 A1, cited in the German Patent Office Action. Two of
the references, namely US Patents 6,098,574 and 6,034,525 are
also listed in the International Search Report.

Also enclosed is a copy of an International Search Report (3
pages in German PCT/ISA/210) by the EPO (European Patent Office)
as the international searching authority from the present
international application listing 5 references and their relevant

the art which is not considered to be of particular relevance with respect to the listed claims. The references listed in category Y mean the document is of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.

The three pages of the International Search Report are in the German language wherein the German words: "Kategorie" means category, "Bezeichnung der Veröffentlichung, soweit erforderlich unter Angabe der in Betracht kommenden Teile" mean citation of document, with indication, where appropriate, of the relevant passages, "Betr. Anspruch Nr." means concerning claim no(s)., "Zusammenfassung" means abstract, "Spalte" means column, "Zeile" means line, "Abbildung" means Fig(s). or illustrations, "das ganze Dokument" means the entire document. For relevance of the references/documents please refer to the International Search Report (copy enclosed) setting forth the relevance of the references. Since the three US Patents and the Patent Abstracts of Japan are in English and since the above translation now points out in English the relevant portions of the citations listed in the International Search Report, no further concise explanation should be required.

Two PTO-1449 forms are presented to list all 8 different

A total of 8 reference are submitted.

Translations of the foreign language references are not available to the undersigned.

This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted
Reinhard Beil, et al
